SUSTAINABLE CITY

1. water & waste management

Offer

Electronic Equipment for Irrigation and Sensoring

We offer a complete portfolio of electronic equipments aimed for irrigation and sensing in both the countryside and city environments.

These equipments offer a wide variety of communication interfaces (cable, radio, GPRS, Wifi,...) and power supply

sources (batteries, solar,...). We also offer software (pc and app's) to remotely control all these equipments.

Cooperation Offered

- 1. Outsourcing co-operation**
- 2. Technical co-operation**
- 3. Sales / Distribution**
